How It All Started

Our roots go back to a small farming town outside Lisbon, Portugal, where our parents, Alvin and Helena, grew up before separately immigrating to British Columbia. Farming was in their blood, and Souto Farms was born.

As their sons, Steve & Dan began bringing that fresh BC fruit to Alberta's farmers' markets and that tradition lives on through our partnership with Tesoro. Today, we're proud to offer locally grown fruit, vegetables, juice, and snacks sourced directly from Souto Farms and trusted BC and AB growers, right here at your market.

Real farmers. Real families. Real food, brought fresh to your community.
